Exemplary Energy Climate and Weather Data

Thank you for purchasing a copy of Climate and/or Weather from the Exemplary Energy Climatic Data Base.

CONDITIONS OF SUPPLY:

Upon payment of invoiced fees, Exemplary Energy¹ grants the client a licence allowing unlimited internal use of the data provided, but the data itself remains the property of the Bureau of Meteorology (BOM) and the data selection for its typicality and its formatting remains the copyright and property of Exemplary Energy.

Exemplary Energy does not warrant that the data is free from errors nor does it warrant in any way the suitability of the data for any purpose. The purchaser assumes responsibility for the interpretation of any results obtained from the use of the data.

The data supplied is not to be distributed to any third party except as agreed between Exemplary Energy and the purchaser.

If a citation is required for the data, the following text should be used:

"Solar radiation data derived from satellite imagery processed by the Bureau of Meteorology from the Geostationary Meteorological Satellite, MTSAT and Himawari-8 series operated by Japan Meteorological Agency and from GOES-9 operated by the National Oceanographic & Atmospheric Administration (NOAA) for the Japan Meteorological Agency."

¹ Data in other formats or for other weather sites (if available from BOM) and for Real Time Years to the end of last month or individual calendar years or longer or shorter periods and Ersatz Future Meteorological Years is also available on a fee for service basis. For details, contact Exemplary Energy on 02 6291 3391 or exemplary.energy@exemplary.com.au.
